If you have any questions, contact the Japan Post Bank App Support Desk (toll-free) at TEL: 0120-210-765.

If you open an account with Japan Post Bank, you are initially registered as a 'non-resident' for the first six months after arriving in Japan. Money transfers by non-residents are treated as international transfers even for transfers within Japan, resulting in higher fees, and you cannot apply for credit cards. After six months or if you work part time, you can change your account status to 'resident'. After the change, you can make transfers at ATMs and apply for credit cards.

### **How to Register and FAQs for Japanese Language Courses**
